

United Appeal Drive Falling Short So Far

The local United Appeal drive is at present falling short of the goal set for this year, and is also below the total achieved at this time last year.

To date only \$2500 has been collected and a concerted effort is needed to raise this total before the books close on August 30th.

Canvassers and donors are asked to make a special effort to co-operate at this time and ensure the hard-working executive a good showing, moneywise.

Those who profit from your donation include the Canadian Red Cross, the Polio Foundation, the Salvation Army and the Canadian Institute to the Blind. Is there any better way to spend your extra few dollars?

Following is a further list of donations, handed to us before press time:

R. Laft	\$ 2.00
M. Jahnke	5.00
W. Jahnke	2.00
A. Waldroff	10.00
Walker Irwin	15.00
H. R. Gillie	15.00
A. Jackson	5.00
R. H. Eubank	20.00
Alvin Hunsperger	6.50
N. Hunsperger	6.00
Lorne Miller	5.00
W. O. Miller	10.00
R. E. Gillie	5.00
W. E. Miller	10.00
L. O. Wriglesworth	15.00
Dorn Gillie	5.00

BIRTHS

AT THE DIDSBURY MUNICIPAL HOSPITAL

To Mr. and Mrs. M. McEwan of Didsbury, on August 14th, a son.

To Mr. and Mrs. F. Parenteau of Didsbury, on August 19th, a daughter.

Big Game Out In 10 Years?

Aerial roundup expert "Chus" Uter gave up the attempt of corralling of Southern Alberta's wild horse herds Tuesday morning with the warning that district big game faced virtual extinction within the next ten years.

On setting down his aircraft after three hours chasing the horses, Uter said almost the whole of the huge tract of land in the Ghost River district of the Bow River Forest carried large herds.

But, for the first time in Uter's 25 years of roundups, which have netted some 40,000 horses, he had to admit defeat.

"The whole place is a wild horse kingdom," he said. "But the way things are now, it's impossible to get the horses."

Uter and his partner had herds of up to 125 horses running during Tuesday's efforts but had to give up further efforts after losing them beneath thick tree coverage.

"These horses are so smart I'm beginning to think they're a cross between horse and coyote," said Uter. "As soon as we get them in an open space, they run as fast as they could for the trees."

Flying from headquarters at the old Ghost, ranger station near Cochrane, the two aircraft often hunted herds six or seven miles to within a mile or so of the corral before losing them.

"It's an awful tough country, I don't think they'll ever get them out of there," said Uter. He said the herds had many foals among them. The large herd of 125 contained about 40 young colts and fillies.

Mr. Uter predicted that within about 10 years there would be about 30,000 wild horses within the Eastern Conservation Board area, unless drastic steps were taken to cut them down. He predicted the whole Bow River Forest area would be ruined as a big game haven if the horses were not eradicated.

Mr. Uter said the only possible solution he could see was a large scale operation involving aircraft, a herd of domesticated horses and mounted horsemen. The operation would have to be carried out in the fall when the herds were not affected by the complete tree cover they now have.

BANK ROBBER PICKS UP A BUNDLE

The Standard, Alta., branch of the Royal Bank had an unwelcome visitor one day last week. He persuaded the teller, at the point of a gun, to hand over approximately \$4100, and failed to leave his mailing address.

Manager of the bank is Mr. W. D. Nichol, son of Mr. and Mrs. Page Nichol of Didsbury. Jim Bain, a former member of the Didsbury bank staff, now stationed at Standard, was on holiday at the time of the incident.

MELVIN W.I. ELECT NEW STANDING COMMITTEE

The August meeting of the Melvin W.I. was held at the home of Mrs. Ray Shantz, with 13 members and one visitor present. It was decided to donate \$10 towards the W.I. project, more to be raised if needed.

Mrs. Jean Shields sent the short topic, which was read by Mrs. Lois Roberts, on the value of wool from the musk ox.

A new standing committee was elected. Farewell gifts were sent to Mrs. Vance Shields and Mrs. Lola Dupont.

The September meeting will be held at the home of Mrs. Glen Roberts.

Harmattan News

(From Our Own Correspondent)

Harold Spooner is at present working at Kevilleville.

Mr. and Mrs. E. T. Knights and Miss Margaret Knights of Deven visited last week with Mr. and Mrs. M. A. Knights.

Mr. and Mrs. Warren Conrad, Judy and Norman returned on Thursday from a trip to the west end states.

Mr. and Mrs. Howard Moore, Eleanor and Barry, returned last week from a trip to B.C. While away they visited Mr. and Mrs. Oscar Wising and family at Grey Creek, B.C., and also with the Arthur Millers at Creston, B.C.

Miss Kathleen Grange returned home last week after a very pleasant stay at the Anglican Church Camp at Gull Lake.

Bob Law of Vancouver, nephew of Mr. and Mrs. Bill Grange, has been visiting here.

The St. George's W.A. met at the home of Mrs. R. M. Spooner on Wednesday, Aug. 13. Main topic of business was holding a rummage sale in the fall. The next meeting will be held at either Mrs. John Morgan's or Mrs. Dave Morgan's.

Mr. and Mrs. Donald Dodd are at present vacationing at Lake Louise.

Mr. and Mrs. Holger Christensen left last week for a trip to Great Falls, Mont.

The Zella Women's Institute held its August meeting at the home of Mrs. Jack Baustad, on Thursday, August 14th. Main topic of business was final plans for the Country Fair to be held on August 20.

Mr. and Mrs. W. Turnbull have as their guests their son and daughter-in-law, Const. and Mrs. David Turnbull, of Virden, Man.

"BOY! LOOK AT THE VIEW FROM HERE!"

Mr. and Mrs. Tournament Scheduled

A four-ball foursome for member husbands and wives of the Didsbury Golf Club has been drawn up and is to be completed by September 1st. Low score winners will receive a trophy cup which will be retained by them until challenged and defeated next year.

Following is the draw, couples to make their own arrangements:

Mr. and Mrs. Shields vs. Mr. and Mrs. A. Coulter.

Mr. and Mrs. J. Turgie vs. Mr. and Mrs. A. Allen.

Mr. and Mrs. L. Clayton vs. Mr. and Mrs. S. Devine.

Mr. and Mrs. H. Gillie vs. Mr. and Mrs. W. Connor.

Mr. and Mrs. P. Kaufman vs. Mr. and Mrs. K. Shannon.

Mr. and Mrs. S. Folkmann vs. Mr. and Mrs. S. Moore.

Mr. and Mrs. W. McFarquhar vs. Mr. and Mrs. W. Blore.

Mr. and Mrs. K. Landiseld vs. Mr. and Mrs. Murray Anderson.

Mr. and Mrs. J. Currie vs. Mr. and Mrs. D. Shannon.

Mr. and Mrs. K. Gillie vs. Mr. and Mrs. Wm. Moon.

Mr. and Mrs. P. Evans vs. Mr. and Mrs. Shields.

Mr. and Mrs. P. Nichol vs. Mr. and Mrs. J. Wordie.

Dr. and Mrs. R. Bankier vs. Mr. and Mrs. L. Berscht.

Dr. and Mrs. I. Miller vs. Mr. and Mrs. H. Lynch-Saunton.

ZELLA INSTITUTE HOLD ACTIVE SESSION

Nine members of the Zella W.I. met at the home of Mrs. Baustad for a regular meeting, on Thursday afternoon, August 14th. Roll call was a flower arrangement and were later distributed to elderly people of the community.

Mrs. J. Johnston gave her report on the Didsbury Conference.

A motion was passed that the sum of \$25 be donated to the deep freeze fund for the Senior Citizens' Home. The proceeds from the Country Fair are to be applied on the \$25 donation.

The coming Country Fair to be held this Wednesday, August 20th, at the Community Centre received considerable discussion. Mr. Alec Munroe, Parks Superintendent at Great Falls, Montana.

Mr. and Mrs. E. Waldruff and family vacationed at Medicine Hat over the weekend, guests of Mr. and Mrs. Bill Broadhurst.

The two children of Mr. and Mrs. Ray Walton of Edmonton are staying with their grandparents Mr. and Mrs. E. Lowrie while their mother is ill in the hospital.

Mrs. A. Oppen is a patient in the Olds Hospital, ill with pneumonia.

CLEAN-UP JOB

Bandits were robbing a small rich bank. Their leader was scooping up the last trayful of loot when the cashier intervened. Do me a favor and take the books, too. I'm a couple of hundred short."

Time Now For A Quick Check-Up

With whetted appetites, insects and miles are impatiently awaiting grain from the 1958 harvest. Thousands of them are lurking in empty farm granaries, hungrily contemplating the day when they will be able to munch on fresh supplies of grain.

Surveys carried out by stored product entomologists from Winnipeg show granaries in the prairie provinces are infested with miles and insects.

They have been found in floor and wall cracks, in loose grain on the floor and plates, and in crushed grain on wall studs.

The warning goes out that unless granaries are thoroughly cleaned, repaired and sprayed with insecticide before being filled with grain, insects may cause serious losses.

One insecticide suggested was: 1% lindane; 3% malathion; 5% methoxyhexth; 25% pyrethrins - 25% piperonyl butoxide.

The insecticide chosen should be applied at the rate of one gallon per 100 square feet of floor and wall space. Usually, one gallon will do a 1000-bushel granary.

The granary should remain empty for a week or two after treatment, to allow insects to contact the insecticide.

ZELLA NEWS NOTES

(From Our Own Correspondent)

Mr. and Mrs. Harry Alexander and family of Vancouver were visitors of the late's parents Mr. and Mrs. A. Oppen for the past week.

Miss Doris Braun of Evanston is holidaying at the home of her uncle Mr. and Mrs. Harold Braun.

Mr. and Mrs. Holger Christensen spent the weekend holidaying at Great Falls, Montana.

Mr. and Mrs. E. Waldruff and family vacationed at Medicine Hat over the weekend, guests of Mr. and Mrs. Bill Broadhurst.

The two children of Mr. and Mrs. Ray Walton of Edmonton are staying with their grandparents Mr. and Mrs. E. Lowrie while their mother is ill in the hospital.

Mrs. A. Oppen is a patient in the Olds Hospital, ill with pneumonia.

European Visitor Makes A Report

Following are a few notes we received from Mrs. M. Reid of Cremona, who returned recently from an extended tour of Europe. We quote:

"I left on June 24th from Montreal on the Empress of Britain, arriving at Greenwich, near Glasgow, on June 30th. On July 5th we went to Brussels and spent one day at the World's Fair.

"Our Presbyterian party consisted of 40, and we had the same coach driver, courier and conductor throughout Europe.

"We visited six countries in Europe in less than one month and returned to Liverpool on July 31st, taking the boat, Empress of England, on August 31st for Montreal.

"Weather was very nice all around, except for rain in Glasgow and the heat in Rome. Had very little trouble with language and currency. I was pleasantly surprised in all of Europe, with clean streets, nice hotels, and no flies.

"I enjoyed the whole trip very much, even though it would have been nicer had we been able to spend a little longer in places like Cortina, Viareggio, Italy, and London. I am quite happy to be home again."

BONDS ON THE MOVE

More than \$100,000,000 of Victory Loan bonds will probably have been converted into the new 4 1/2 per cent issue by the end of the week, the Bank of Canada office in Calgary reported Tuesday.

CREMONA NEWS

(From Our Own Correspondent)

Mr. P. Foat was the victim of a tractor accident last week. He suffered an injured leg and was hospitalized several days in the Didsbury hospital and then moved to Calgary.

The Loneal Bird family holidayed for several days last week at Banff, Radium and Golden. They returned home last Sunday, August 10th and that evening Mrs. Bird entered the Didsbury hospital for an appendectomy. Mrs. Bird is doing well and expects to return home this week.

The Cremona girls softball team played Didsbury in Didsbury on August 11th and won a decisive victory.

Mr. and Mrs. Wm. Bagnall returned from a six-week vacation in England on August 11th.

Mr. and Mrs. K. Brian and family returned last Friday from a weeks vacation at the coast. They also visited at Sardinia and with Mr. and Mrs. J. Tuge.

Mrs. Jean Bergeson enjoyed a brief holiday at Wetaskiwin last week and returned home last Thursday.

Mrs. G. Gano visited two weeks at Sand Point U.S.A. with her two sisters. She expects to return home this week.

Mr. and Mrs. Alan Reid and family spent Sunday at Vulcan visiting the Russell Graham's and Robert Reid's.

Mr. John Shultz is spending this weekend with his mother and his brother, Stanley.

Mr. and Mrs. Russell Martin and family of DeWinton spent Sunday at Vair Reid's.

Hail Suppression Crews On The Move

Following is a report from the WRDC hail suppression unit which is situated on the butte just west of the town and covering an area of 750,000 acres, which includes the M.D. of Kneibill, M.D. of Rocky View and the City of Calgary.

"Operations for the past week have been relatively light, due to the absence of daily hail threats. A storm moved through the prairie on August 19th, producing considerable damage and about 20 inches of rain on the butte west of Didsbury. During the operation, one of the WRDC aircraft encountered post-sized soft hail about 6,000 feet above the ground, in the vicinity of Cremona. The pilot did not think that this hail reached the ground as it was melting rapidly. The lightning from this same storm, before it reached the plains, started several fires reported by lookout weather observers in the mountains west of the area. These fires were extinguished by the rain which followed. One lookout observer reported that the storm started with some light hail and then changed to rain.

The latest hail damage to occur in the hail suppression project this year was in the Delacour area on August 11th. Several sections received damage up to 85 per cent. This brings the total of damaging hail storms in 1958 to four, with the resulting damage being generally light and spotty.

"It is hoped that no further damage will be produced in the area, particularly since the crop is maturing very rapidly, and even a light storm could cause considerable damage, especially if accompanied by strong winds. Over 6000 ground generator hours have been operated to date and aircraft have been aloft on about 45 days so far this season.

The regular Kinsmen meeting was held in the hotel dining room on Monday evening. Due to the holiday season, attendance was not up to par. The new executive will take over at the next meeting, expected to be held early in September.

The incoming officers include: Art McMartin, president; John Holub, secretary; Walter Sheld, treasurer. Directors: Lorne Miller, Chuck Wrightson and Stan Jahnzen.

SEEDTIME and HARVEST
By Dr. F. J. Greenay,
Director,
Line Elevators Farm Service,
Winnipeg, Manitoba.

Sponsored by the following companies:
Federal, Pioneer, Alberta Farm, Consolidated, Fairbank, McCabe, Farina & Hammer, Inter - Green, Elmer Milling and Quaker Oats.

DON'T LOSE DOLLARS !
HARVEST YOUR BARLEY CAREFULLY

Barley now ranks as the second most important grain crop in the agricultural economy of Western Canada. Barley is a crop, however, that must be harvested and threshed with care if the highest possible returns are to be obtained.

Top Quality Essential. In recent years over 40 per cent of the barley grown and marketed in the Prairie Provinces has been bought by the malting and milling industries on a premium basis. Besides, farmers who produce this type of barley are able to benefit from the over-the-quota marketing privileges. In other words, the production of top quality barley that is acceptable to the malting and milling trades not only gives the grower a higher income, but also provides him with an important source of ready cash.

Present Harvest Losses. The main cause responsible for lowering the quality, and hence the market value of barley are: (1) Harvesting too early. Barley should not be harvested until the kernels are plump and well matured! Green and immature kernels are a serious degrading factor. (2) Improper threshing. The swaths should be laid properly on the stubble so that the barley heads will not come in contact with the ground, and become discolored. Good kernel color is important in barley. (3) Incorrect adjustment of combine or threshers. Skinned, peeled, and broken kernels are decidedly objectionable in malting and milling barley. Make sure that your combine or thresher is properly adjusted to do a good job of threshing. Slow cylinder speeds and keeping the concaves sieves and wind blast properly adjusted at all times will reduce to the minimum the amount of kernel damage. (4) Rough handling of threshed grain. Damaged grain augers and elevators, and their careless operation can be the cause of skinned, peeled, and broken kernels. It pays well to use a little extra caution in handling barley.

Don't lose dollars. Harvest, thresh, and handle your 1958 barley crop carefully.

FOR SALE — Cookshut 115 S.P. 37" Body Combine, in very good running order, all checked over and ready for work. Will consider some trade. Two miles S.W. of Didsbury, phone 2517. H. W. Folkmann. 32-3ip

By the Advertisers in

"Your" Newspaper . . .

"No business man in any town should allow a newspaper published in his town to go without his name and business being mentioned somewhere in its columns. This does not mean you should have a whole, half or even a quarter page ad in each issue of the paper, but your name and business should be mentioned if you do not use more than a 2 line space. A stranger picking up a newspaper should be able to tell what business is represented in town by looking at its paper — it's the best possible town advertiser. The man who does not advertise his business does an injustice to himself and the town. The man who insists on sharing the business that comes to town, but refuses to advertise his own in the newspaper is not a valuable addition to any town. The life of a town depends on the live wide-awake and liberal advertising business men."

Notes From D.A.

By HOWARD FULCHER
District Agriculturist

Barley is very important crop to this area, a goodly percentage of it is marketed as malting giving the producer a premium as well as over-quota privileges. This means malting barley production will give additional cash income to the producer.

Barley, however, for this trade must be harvested, threshed and handled with great care, every effort should be made to produce a sample which is acceptable by the malting companies.

Prevent losses in quality, as lowered grades will cut out the barley for malting purposes. First, barley should, for malting purposes, have been grown for good malting variety seed free from contamination of feed varieties. Harvesting should not be done too early; green immature kernels are a major cause for degrading. When swathing the swath should be so laid that the heads do not contact the ground, this leads to discoloration - the malting trade prefers a good colored kernel. Perhaps the biggest factor is damaged kernels in the barley, this of course is done mechanically in harvesting operations. To prevent damaged (skinned, peeled, broken kernels) make sure the combine or thresher is properly adjusted, excessive cylinder speed is perhaps the greatest cause of kernel damage. Some barleys skin and peel very easily when extremely dry, watch the sample all the time, morning settings of the combine are not always satisfactory for the afternoon.

Careful harvesting will pay off in all crops not only barley for the malting trade. The important items are still of cutting, swath laying, adjustments of combine and thresher and storage facilities.

IT WAS AN ACCIDENT

An insurance agent, writing a policy for a cowpuncher, asked if he had ever had any accidents.

"No," said the cowboy, then added, trying to be helpful, "a bronc kicked in a couple of my ribs and a rattlesnake bit me a couple of years ago."

"Well," said the agent, "Don't you call those accidents?"

"No," replied the cowboy, "they done it on purpose!"

BE SURE THEY'RE SAFE

Supervision Saves Lives!

Read the book for safety

and the ALBERTA SAFETY COUNCIL

The young swimmer above is courting danger and disaster as a gay beach ball lures his small companion into danger. Swimming or playing in unknown waters is a dangerous pastime. Rocks, branches and underwater currents are a hidden hazard. Always play safe... Investigate conditions when entering strange water... End with feet first... Dive only when you know conditions to be safe.

Look who's wearing her 'immediate cash adjustment'!

Gracious! What next? A body can hardly keep up with things these days. What with dogs spinning around in the sky and all. And now all this excitement about changing over your Victory Bonds. I was sorry to see mine go. Had it so long you know. But when

the young man at the bank explained that these new bonds paid more interest. Well! I know a good thing when I see it. And besides, he gave me a nice cash adjustment—which I straightaway spent on a new bonnet. Like it?

Offer applies only to wartime Victory Bonds.

FOR EXAMPLE: a \$500 8th series Victory Bond exchanged for a \$500 Conversion Bond paying 4½% will give you \$8.75 in cash immediately. The higher interest will yield \$22.50 per year instead of the present \$15. See your investment dealer, stockbroker, bank, trust or loan company today.

Convert your 3% Victory Bonds.

Earn up to 4½% on the new

Ramblin'

and

Roamin'

Just For The Record . . .

We soundly agree with most of the handouts our provincial premier announced last week, but we still are waiting to be put in the clear insofar as "our town" is concerned. We'd like to have a few points clarified; all that is needed is someone close to the "top brass" to give us a few clues. We like the idea of hard-surfaced roads (we already have some); we like the idea of homes for senior citizens (we already have one); we like the idea of dispensing with the oil dividend (it was a boo boo from the start). Our dilemma adds up to this: Do we get a kick-back on the roads that have already been paved in our town? Does the Senior Citizens' Home, established for some time now, receive any kick-back? How much assistance will come our way to provide such needed recreational facilities as an artificial ice plant in the arena and the curling rink? What are our chances for a swimming pool? How many more roads in town will receive the black-top treatment? These are just a few of our ideas about how much could be done, and in which direction, should we receive a healthy chunk of the cheese. One more question: does anyone know just what size the chunk is expected to be? We hope it's not a thin slice. We're open for answers to these questions, anytime, anywhere, anyhow!

The Lights Will Be On Later . . .

Reversing a decision made some weeks ago, most business places in town are now remaining open until 9 p.m. on Saturday nights. Adjacent towns adopted the late closing hours a few weeks ago, and to stay in the race local merchants were forced to follow suit. Makes nothing but sense to us and we can guarantee shoppers to Didsbury will enjoy riding and parking on the "black top!"

Another Famous Quote . . .

"Children are wonderful mimics. They'll act exactly like their parents, no matter how hard you try to teach them good manners."

PUBLIC CRITICAL OF LABOR UNIONS

"If you were asked to criticize the labor unions what would your main criticism be?"
The above question has been the subject of a Gallup Poll conducted by the Canadian Institutes of Public Opinion.

In so far as the answers indicate the opinion of all the people of Canada, they show that 33 per cent of the population are not sufficiently interested in the unions to have formed opinions either for or against them, while 20 per cent believe them to be all right as they are, and have no criticisms to offer.

The other 47 per cent have criticisms and are willing to express them. The question asked for only the main criticism in each case. Seventeen different answers are received.

Eight per cent of those questioned named the excessive demands of the unions as their main criticism.

Six per cent think the unions' readiness to strike is their most objectionable fault.

Five per cent think they have too much power, and four per cent think they are badly led and are too dictatorial.

Other criticisms were that the unions are given to racketeering, that they have no consideration for the rights of other people, that they promote dissension, that their dues are too high, that there is communism among them, that they are under American domination, that they are causing inflation, that they want to close shops, and that they are no good at all.

This is quite a formidable array of criticism; but we believe they could all be encompassed in one - namely - that the unions have no regard for the right of other people.

The Golden Rule, which says "Do unto others as ye would that they should do unto you" is the world's best rule for the guidance of human conduct, and would be an excellent rule for the unions to adopt. For if they would observe it, all these other faults would disappear.

But if we wait till they do adopt such a rule, we will have to wait a long time; and the need to free society from union domination is urgent.

What steps can we take now to break their tyranny and restore to every man the right to work for anyone who is willing to hire him without having to ask leave of any union boss or to pay tribute to any union fund against his will?

All these criticisms are aimed at the anti-social behavior of the anti-social behavior of the unions. Such behavior is not necessarily inherent in unionism.

It is largely a product of government laxity in law enforcement, which has encouraged the unions to pursue their own ends regardless of the law and of the rights of other people.

The remedy for this is to make the unions subject to the same laws as the rest of folk, and to enforce the laws we have without fear or favor. This, we suggest, as a first step and a very necessary step towards making the unions acceptable to the public.

— The Rural Scene

VETERANS WERE BEST STUDENTS EVER

If the government is casting about for ways to assist Canadian universities and students without offending provincial susceptibilities, it could do worse than study the workings of the last large-scale Canadian student aid plan, declares The Financial Post.

This was the university training scheme under the Veterans' Rehabilitation Act. By any standard it was an outstanding success; and it could well serve as a model for a new measure.

In all, the Act sent 55,000 veterans to college. The government paid their fees and gave each man a basic \$60 a month living allowance. The university also supplied supplementary grants to provide facilities. Of the \$134 million cost, \$85 million went for allowances, \$49 million for university support.

Because of their greater age and experience, the veterans, taken as a group, were the best students our universities ever had. Canada is—and so are they—the richer for their training.

DUCKS PLAY FAIR FIRST TIME AROUND

A \$35,000 "cafeteria service" or honor system for wild ducks at the south end of Lake Manitoba will be continued in 1958. Irrate farmers within 10 miles of the shore line complained they were losing most of their grain crop to ducks.

The provincial game branch in 1957 tried an experiment. It scattered grain, chiefly barley, along the edges of the lake. The plan proved a success. The birds showed that for one year at least they were willing to play fair with the government and the farmers. Crop damage was negligible.

Tempting But . . .

It would be pleasant to think that it might be possible for the government to fall in with the Sons of Freedom scheme for assistance passage to Russia. But it really can't be done this way. The government can, and should, refrain from placing obstacles in the path of emigration, but positive assistance is quite another matter, and what about other groups that might like a trip?

If all the Scots who have emigrated to Canada were assisted to return to the United Kingdom with the value of all assets they have accumulated since their arrival here, they would turn North Britain into a bower of delight and leave Canada almost destitute.

THE
HomemakersBy HELEN HOWARD
District Home Economist

Hello Homemakers -
Freezer Tricks and Tips
Do Keep an inventory record of
the foods frozen.

Do Keep only recommended varieties
(write to this office for a list
of recommended varieties for freezing).

Do Use materials which are moisture-vapor-proof.

Do Seal all packages with freezer
tape or wire twisters.

Do Leave expansion room in
containers holding wet-packed
fruits and vegetables.

Do Label all packages fully, and
date them.

Do Keep packing materials in a
cool place, where they won't dry
out.

Do Freeze fruits and vegetables
as soon after picking as possible -
1 to 2 hours.

Don't Freeze salad greens, bananas,
cream sauces, custards, mayonnaise,
cooked egg whites or gelatin
desserts.

Don't put very hot foods in waxed
tin containers.

Don't re-use broken or punctured
containers.

Don't wash plastic containers in
very hot water.

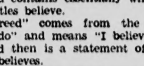

Try Freezing -
Popcicles for kiddies - Use orange
juice or lemonade and freeze in ice
cube trays. Put a toothpick in
each before it freezes. These are
more nutritious and a good size
for small children.

Baked Beans - Don't eat baked
beans all week just because you've
cooked a large quantity.

Cool thoroughly, pack in plastic
bags or cartons and freeze quickly.
You'll have a quick supper ready
after a busy day.

For an excellent Freezing
Guide write to this office for our
bulletin "Preserve By Freezing".

LIGHT YOUR WAY ...

... WITH BIBLE STUDY

The Christian Church confesses
three ecumenical that is, universal,
creeds: the Apostles' Creed, the
Nicene Creed and the Athanasian
Creed. The best known and most
often used creed of the Christian
Church is the Apostles' Creed. This
Creed contains essentially what the
Apostles believe.

"Creed" comes from the Latin
"Credo" and means "I believe." A
Creed then is a statement of what
one believes.

The Apostles' Creed is very old.
From the Bible and the writings
of the Church fathers we learn that
candidates for Baptism were re-
quired to make a confession of
their faith and state briefly what
they believe regarding God, the
Creator; Jesus, the Savior; and the
Holy Ghost, the Sanctifier. And
some such form as the Apostles'
Creed was undoubtedly used. The
Creed is an amplification of the
Trinitarian formula of Baptism.

There is a legend still retained in
the Catholic catechism, that the
apostles soon after Pentecost drafted
the Creed, each contributing a
clause. Therefore, in the Medieval
Ages, it was known as the "Twelve
Articles". Historically we cannot
prove that the Apostles composed
the Creed; perhaps they did, but
we cannot prove it. However, we
do know that the Creed contains
what the Apostles believed for that
is stated in the Gospel - the good
news of Jesus, our Savior.

This may, in turn, be summar-
ized by that passage known as "The
Gospel in the Nutshell": "God so
loved the world that He gave His
Only - begotten Son, that whoso-
ever believeth in Him should not
perish, but have everlasting life!"

THE DIDSBURY PIONEER

Nature Won't
Solve The Problem

Only a little while ago those responsible for marketing Canada's wheat were telling the public to keep calm and patient. Disposing of the big surplus, they said, was just a matter of time and weather. A couple of poor crops they said and Canada would be lucky to have some wheat left to sell.

Well, comments The Financial Post, we have had those two poor crops, and what do we hear about market prospects? Canada, says W. C. McNamara, new chief of the Wheat Board, must get out and do some real selling this year if it hopes to keep its head above water.

The reason is not hard to find. While our harvests have shrunk those of other countries, and especially the United States, have been good.

We just can't count on nature solving a problem that we must solve ourselves. And the only way we can solve it is to sell far more wheat than we have been selling or stop growing so much of it.

FARMERS CAN

WIN \$2,000

A Canadian fertilizer firm has announced its intention of giving \$3 cash prizes to prairie farmers in a big Nitrogen contest. Any resident of Alberta, Saskatchewan, Manitoba and the Peace River district over 16 years old can enter this \$2,000 cash prize contest being held by the makers of Elephant Brand Fertilizers. First prize is \$1,000.

Another trans-Pacific jet-prop service from North America to the Orient will be inaugurated by Canadian Pacific Airlines this month. Canadian Pacific's 400-mile-an-hour, 100-passenger Bristol Britannia jet-prop begins twice-weekly service between Vancouver and Tokyo on August 24th. With its ability to cruise up to 5,000 miles without refuelling, this "long-winded" jet-era transport is ideally matched against the long-stage

route pattern of C.P.A. Flying time to Tokyo will be 12 to 13 hours as the aircraft cruises in the stratosphere some 60,000 feet above the earth. On arrival travellers will become intimately acquainted with the Orient. Vacationers taking advantage of C.P.A.'s 28-day "magic carpet" tours thru Japan, Hong Kong, Manila, Bangkok and Honolulu will see such exotic sights as the gigantic bronze Buddha at Kamakura, Japan, built

in 1252 (lower left); with the Osaka Castle, one of Japan's most beautiful feudal structures (next to Buddha); flower arranging, an ancient and skilled art, demonstrated here by a modern Japanese maiden; and right lower corner—Hong Kong. Uninhabited only 100 years ago, Hong Kong is a shopper's paradise. Today this "free port" offers duty-free goods from the markets of the world. — C.P.R. Photo

Clareholm Farmer Makes Acres Pay

A 60-year-old immigrant farmer from the Clareholm district is the envy of every farmer in Western Canada. He has just completed harvesting \$250,000 worth of Russian wild rye grass seed from 250 acres of land.

Russian wild rye grass is expensive because it has a big demand and it is one of the hardest to grow grasses to maturity on the continent.

Russian wild rye grass is much in demand because it has the highest protein and Vitamin A content of any grass in North America. It has remarkable recovery after cutting or grazing and it offers livestock the opportunity to show off their "grain-bility" better than any other type of forage.

However, probably the foremost characteristic about the grass is that it is highly resistant to drought and alkali, and it stays green in the field all winter—even in 40 below temperatures—and livestock thus are able to obtain their Vitamin A requirements while grazing under the snow.

August E. Lange is the lucky farmer who has garnered the phenomenal crop. His marked success has not, however, come about easily. The past two years, his Russian wild rye grass crops of almost equal value of this year's were wiped out by hail. It was Mr. Lange's persistence and determination that brought him out on top.

CHRISTIAN SCIENCE

How selfishness is overcome thru the knowledge and understanding of God as the only Mind is a topic to be dealt with at Christian Science services Sunday.

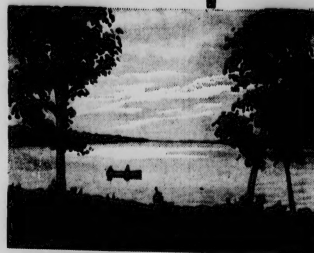

Among the Bible passages to be read in the Lesson-Sermon on "Mind" is the admonition of Paul: "Let nothing be done through strife or vainglory; but in lowliness of mind let each esteem other better than themselves. Look not every man on his own things, but also on the things of others. Let this mind be in you, which was also in Christ Jesus (Philippians 2:3-8)."

Also pointing out the way to overcome selfishness are correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, including this one: "When we realize that there is one Mind, the divine law of loving our neighbor as ourselves is unfolded; whereas a belief in many ruling public minds hinders man's normal drift towards the one Mind, one God, and leads human thought into opposite channels where selfishness reigns." (208:22).

SYLVAN AND GULL LAKES

Alberta's picturesque parkland is lovelier for its many spring-fed lakes that dot the wooded landscape with sapphire blue. Two of the largest and most popular of these resorts are Gull and Sylvan Lakes. Plan a holiday here, for such places are meant for family fun from the first sun-up swim until the last ear of corn is roasted over the beach bonfire at dusk. Near the Peace Hills, famed in Indian lore, Sylvan and Gull Lakes are close to interesting historic sites.

60,000 new reasons every day for mechanized farming!

In these days of man-made planets we tend to overlook this old, but still miraculous, earth that feeds and provides for us all.

That over 60,000 babies are born into this world each day—more than enough to repopulate the whole of Canada in less than a year—goes unnoticed. That these 60,000 new mouths will be fed on the produce of this small earth does not make headline news!

Yet, when we consider this astonishing growth in the world's population, we must wonder how it is that our standard of living—measured in terms of food consumption—remains so high. How is it possible when there has been little appreciable increase in the world farm acreage and a decline in the ac-

tual farming population?

The answer lies in farm mechanization in a scientific approach to food cultivation and the development of modern machine methods to increase output per acre and per man-hour worked.

In this development Massey-Ferguson plays a leading role throughout the world—in Canada, in the United States, in France, South America, Great Britain, South Africa, Germany and Australia.

All the world over, wherever farming is mechanized to meet our ever-growing needs, there we find Massey-Ferguson machines hard at work in the fields.

THE LOCAL NEWSPAPER MAINTAINS ITS INFLUENCE

- How often a successful executive, far from his small-town birthplace — maintains his contacts through regular receipt of his weekly newspaper.
- There is nothing quite like a small town weekly for neighborly news and intimate contacts.
- People in the advertising business talk about selected audiences — sharply focused circulation. They have learned from experience that when a publication is specially edited to appeal to the specific interests of a smaller group of people, its opportunities to make sales are multiplied many times over.
- The weekly newspaper is that kind of publication. Whether its circulation is a few hundred or a few thousand, it represents effective circulation.
- Gather the towns-people and farm folk around you when you advertise. Surround yourself with friendly neighbors — deliver your advertising message through your local weekly newspaper.

58.2 Per Cent of Canada's population live in places of 10,000 or Less. THESE ARE WEEKLY NEWSPAPER MARKETS.

(From Our Own Correspondent)

It has been a number of weeks since we have met you by way of this column, and we want to say "hello" once more.

Mrs. Lydia Suder is at present with her son, Donald, in Montreal. She has been at Wino Lake School of Theology taking several courses during the last couple of months, and will be returning to the campus within a week or two.

President and Mrs. Taylor and family are again on campus. They are glad to be back. It was of interest to us to know that the two children, Sherrill and Keith, sang "God Save the Queen" as they came to the border, and declared their delight to be in the country of their birth again. True patriotism! Sherrill learned to swim and dive while away, and Keith says he can swim under water. We are all glad to have them back. Mr. Taylor completed another unit of work in the School of Theology toward the degree of Master of Arts in Theology and will conclude it in next summer's session.

Mr. and Mrs. Walter Reimer entertained a group of friends at lunch after service Sunday evening. Among them were Mr. and Mrs. Taylor and Miss Eby from the College.

During the absence of Rev. Annett, Miss Eby took the morning worship service in the United Missionary Church Sunday morning. Rev. Annett will be back again this week.

Rev. and Mrs. Auburn Witt, recently returned missionaries from Nigeria, West Africa will be members of the Faculty of the College for the coming year pending approval of the United Missionary Board. These young people are both graduates from Seattle Pacific College. Mrs. Witt graduated with her degree in the Science of Nursing having taken her R.N. at the Royal Alexandra Hospital previously. She was in charge of nurses training in the Tunga Memorial hospital in Africa for several years. Mr. Witt holds the Bachelor Degree as well as Bachelor of Divinity from the same College and will be teaching in the Seminary when he returns to Africa. He will appreciate having these capable workers on the Faculty this winter.

Mr. and Mrs. Arthur Eby spent their two weeks vacation at Lake and Couer d'Alene this summer. He is busy again with the Student Centre and other necessary work on campus. Mrs. Eby is canning and putting away vegetables in the deep freeze. Should any friends have beans, peas, cauliflower, wild fruit etc she would be happy to have you bring them in even in small quantities for that helps greatly during the winter months.

We are glad to report a good registration for the coming year. Should all of these students from last year return, and most of them will, we have already over 50 on the list, and expect more. This promises to be a good year, and once more young people with vision and ambition will be in our midst.

ROBERTSON — LANGARD

Blue and white delphiniums and ferns formed the setting for a very pretty wedding on July 25th in St. Andrew's Presbyterian Church, Calgary, when Gertrude Anne, only daughter of Mr. and Mrs. John Langard of Didsbury, became the bride of Mr. Gordon A. Robertson, youngest son of Mr. and Mrs. Alex Robertson of Carstairs.

Rev. John MacLeod, assisted by Rev. D. Whyte-Smith of Calgary, officiated at the ceremony.

Given in marriage by her father, the bride looked lovely in a floor-length gown of white nylon lace and satin, with lily point sleeves. The bodice of the gown was trimmed with sequins. A tiara decorated also with sequins held her floor-length veil in place. She carried a bouquet of red roses arranged with stephanotis. Her only jewellery was a pearl necklace and earrings, a gift from the groom.

Attending the bride were Mrs. Donald Robertson, as matron of honor; the bride's cousins, Miss Aris Goldsworthy and Miss Margaret Hambrook, both of Calgary, as bridesmaids. They wore dresses of pink and blue nylon, wearing matching feather headbands and carrying bouquets of pink and blue carnations.

The groom was attended by his brother, Donald Robertson. Ushers for the ceremony were Mr. Albert Langard, brother of the bride, and Mr. Howard Robertson, cousin of the groom.

Miss Winnie Owens of Carstairs presided at the organ. As the bride entered the church on the arm of her father, the groom sang "O Promise Me." Before the ceremony was performed Mr. Alex Robertson,

WESTERDALE NEWS

(From Our Own Correspondent)

Mr. and Mrs. Bert Gilmore and Mr. and Mrs. Walter Webb, all from the U.S. were recent visitors at the home of Mr. and Mrs. W. Hebert and Mrs. J. P. Schrader.

Mr. Gilmore and Mrs. Webb are brother and sister and were former residents of the Westerdale district. Fine weather prevailed for the local Country Fair last Wednesday afternoon. Though not as successful as last year, due largely to the dry spring and wet worms delaying garden growth. Mrs. Dent of Red Deer and Mr. Sutherland of Olds were judges and gave some very good pointers on how the exhibits were judged. Approximately \$77.00 was raised through the tea sale.

Mr. A. Jones spent the weekend at his home here. The hot dry weather has speeded up the ripening of grain in this area and a few farmers have commenced cutting and swathings.

WALTHER LEAGUE
ENJOY HAY RIDE

Sunday evening, August 10, about 30 Walther Leaguers and friends met at the Jack Reese farm and from there set off on an enjoyable hay ride. The following day, five young people from Didsbury went to Olds to attend the week long Lutheran Service Volunteer School where training in youth leadership in worship, Bible study and recreation were given. Twenty-six Leaguers from Alberta and one from Trail, B.C. attended and lectures were presented from Denver and Pueblo, Colorado and Bateman Sask. The following were present from Didsbury: Katherine Folkman, Elizabeth Fox, Hope Goetsen, Ronald Levagood and Gladys Schneider.

At the conclusion of L.S.V. School Friday evening a weiner roast was held at the Fred Goetsen farm and was attended by fifty Leaguers, fifteen of which were students from L.S.V.S. parents and friends.

Service Board

WEEDS ON ROAD ALLOWANCES: This is sometimes a controversial subject. We make every effort to control the weeds on the roadsides with Municipal equipment. Our two sprayers have travelled several thousand miles this summer spraying weeds along the roadsides and have used up a large quantity of 2-4-D. Unfortunately it is not possible to go over these roads more than once in a summer and as a result at this time of year quite a lot of sow thistle is now showing up on roads that have already been sprayed. Sow thistle starts late and grows fast and consequently presents a problem late in the season. Most ratepayers have the mistaken idea that the Municipality is responsible for weeds on the roadsides. This is not the case. Let me quote from the Noxious Weed Act, Paragraph 2 Section (h) "Land means and includes not only all lands owned or occupied or controlled by any person, but for the purpose of this Act, also means and includes the land up to the centre line of all contiguous roads or road allowances, highways, streets, or lanes, or streams or the low water mark of any lakes or bodies of water include within the said lands." We as a Municipality are assisting the ratepayers to control these weeds. If weeds have come up along your roads or if by chance your road was missed, don't condemn us for this, but rather the responsibility of controlling them in the final analysis is still yours along your roadsides. I think that every farmer should own a knapsack weed sprayer to spray out small patches of weeds around the place. Taking care of the small patches prevents the spread of the ripened weed seeds.

father of the groom sang "The Wedding Prayer", and during the serving of the reception he sang "I'll Walk Beside You."

Following the ceremony a reception for 90 guests was held at the Cross Roads hotel. Rev. John MacLeod proposed the bridal toast. Mr. Donald Robertson, as M.C., read telegrams from friends and relatives, including some from Denver and Calgary.

For the honeymoon the bride wore a pink nylon dress with white accessories and a corsage of white roses. The happy couple left for Banff and points west for two weeks. They plan to make their home on the farm west of Carstairs.

Cpl. and Mrs. Bob Jansek of Red
Deer, Mr. and Mrs. Don McEae and
family, Mrs. Jack Moulding and
family, and Mr. Johnny Healer, all
of Calgary, were weekend visitors
at the home of Len and Mrs. E.
Wright.

Mrs. Marie From and children
of Melfort, Sask., and Mrs. Ruth
Kasch and children of Vancouver,
have returned home after a visit
with their parents. Mr. and Mrs.
Mel Shantz and other district rela-
tives and friends.

It's nice when folk remember the
Lord's Day. Some friends motored
to Banff Sunday to attend a morn-
ing worship service in one of the
churches there. They were quite
surprised upon being seated to look
around and count 25 Didsbury
people at the same church.

Mr. and Mrs. George Scott of
Regina and Mrs. Evelyn McEae of
Calgary, are holidaying for a few
days at the home of Mrs. E. Wright
and Len.

Mr. and Mrs. K. Gillrie, accom-
panied by Mrs. H. Gillrie, visited
relatives at Medicine Hat over the
weekend.

Mr. and Mrs. Reid Clarke and
family left Friday for a vacation
at Naramata, B.C.

Mr. Kent Reiber left Monday for
Vancouver after visiting with his
uncle, Mr. C. E. Reiber, for several
weeks.

Mrs. G. Banta, Anna Mae and
Darrol are visiting with relatives
at Fernie, B.C.

Mr. and Mrs. H. Brown of South
Gate, Calif., are visitors with Mr.
and Mrs. H. O. Levagood.

Mr. and Mrs. D. Scrivener and
family of West Vancouver are
visiting with Mr. and Mrs. R. A.
MacFarlane this week.

Mr. and Mrs. F. Lynch-Staunton,
of Lundbreck, Alta., visited last
week with Mr. and Mrs. H. Lynch-
Staunton.

Mr. and Mrs. Wm. Conner and
family are holidaying at Banff.

Mr. and Mrs. H. Post are visiting
this week with relatives at Vernon,
B.C.

SO TRUE, SO TRUE!!!
Wherever there's a will you can
usually find a few relatives.

TAKE CARE

Youthful boaters shown above
may not be able to swim, but they
have learned some of the foremost
rules of water safety. They are
wearing life-jackets. . . . Their
boat is not overloaded. . . . They
are not standing up in the craft.
Practising these boat safety mea-
sures will ensure a safe return to
port for all the young "voyagers".

Coming Events

—There will be a dance at Moun-
tain View hall on Friday, August
29th. Fisher's orchestra. 32-2tc

—Starting September 15th, Mr.
E. L. Traub, A.R.C.T., will teach
piano in Didsbury. Mr. Traub has
had experience in teaching, has had
a course in the Art of Piano Teach-
ing and will take a course this
year in Music Interpretation, as well
as completing his A.R.C.T. Any-
one interested please phone 53.
32-2tp

—Attention ladies! Come in and
see our Cara Nome Color Shampoo.
Very simple to use and does a per-
fect job. No more weekly rinses
to have color for your hair. Slipp's
Drug Store.

—Sunday school and church ser-
vices will be combined into one ser-
vice on Sunday, August 24th, when
Ray Day of the Sunday school
promotions will be observed at the
Westcott United Church at 10:00
a.m.
